

PETRICHOR

AGRICULTURAL IPA 6.0%

Sun, soil, and rain, the horticulturalists triumvirate. Petrichor is the appealing scent that lingers in the air after rain falls on warm ground. Brewed in collaboration with Cloudwater this IPA delivers fruit and earth notes from the hops and organic Norfolk beetroots from Bagthorpe Farm. The terpenes and geosmin present in both bring Petra (stone) and Ichor (blood of the Gods). The smell of rain on a summer's day in a beer.

TASTING NOTES
Fruity/ Earthy / Fresh
