

NO RIGGIN' WAY IPA

NO OFFSHORE DRILLING
If you like it then you shouldn't put a rig on it.

HOLY CITY BREWING 12 FL. OZ. ALC. BY VOL. 6.8%

Blonde Ale

No Rigg'in' Way is an IPA brewed with blood orange, and this beer serves to bring awareness of the dangers of offshore drilling. We like the Lowcountry. Living on the coast is a privilege and a way of life, and every time you crack one of these cans, know that you're contributing to keep the Lowcountry just the way it is.

Proceeds from this beer will help spare the Lowcountry we love from the dangers of offshore drilling. Let's do our part to #ProtectOurCoast now and for future generations.
